

Birdie, suspension design Ludovica+Roberto Palomba 2011

FOSCARINI

A variable number of arms with a white finish, as slender as the branches of a tree, support small coloured diffusers, whose shape is a reinterpretation of the classic shades. It's Birdie ceiling lamp, whose elements spontaneously coalesce to give life to a friendly lamp, that combines a smooth and familiar structure with a boldly character. Unlike the Birdie ceiling lamp, the pendant one can suit different ceiling heights, thanks to an additional canopy and cable set. Because of balancing reasons, the suspended lamp concerns the version with 6 or 9 arms, the

ones endowed with the most scenic appeal and with the largest amount of lights, that light up like the flames of a modern chandelier. Made with sturdy yet lightweight materials, always, Birdie has a different character depending on the colour: in white, it can be discreet and almost invisible, but in amaranth, orange or grey it becomes more of a prima donna capable playing the starring role in a room.

Birdie, suspension technical info

FOSCARINI

Description

Suspension lamps with diffused light, available in compositions with 6 or 9 arms with rods of 3 different lengths; the versions are achieved by combining several sizes. Metal canopy and aluminium rod, both epoxy powder coated. Ceiling canopy with galvanised metal bracket and epoxy powder coated white metal cover. Fitted with three stainless steel suspension cables and a transparent electrical cable. Opaline polycarbonate internal diffusers, translucent polycarbonate external diffusers, both injection moulded. White colour for canopy and arms, possibility of choosing the diffusers, in the four colours available, also in the same composition.

Materials Metallized polycarbonate and metallized or varnished steel
