

## PRODUCT DATA SHEET

### Mesmeri

Materials: painted or chromed die-cast aluminium. Mesmeri LED: thanks to the new LED power supply technology and to the use of LEDs specifically designed to be used in non-SELV circuits, for the first time the traditional halogen sources can be replaced with the new and extremely performing LED technology. The LED module used in this fitting allows a significant lumen output (min. 2400 lm), with suitable colour temperature (3000K) and good chromatic output (CRI 80). Furthermore, this fitting does not require the use of bulky and aesthetically invasive power devices. Its sophisticated power supply system drastically reduces flickering effects reported in similar solutions involving the rectification of alternating current power supplies. Also it guarantees good efficiency levels and a lamp life expectancy equivalent to the LEDs in use.

Polished Chrome  Silver  White

#### LED Wall

W	Dimensions	Luminous Flux (lm)	CCT	Color	Code	Product name
28W	22.1x34 cm	2130lm	3000K	<input checked="" type="radio"/>	0918020A	Mesmeri Led Polished chrome
				<input type="radio"/>	0918030A	Mesmeri Led Silver
				<input type="radio"/>	0918010A	Mesmeri Led White
