SWISS DESIGN SINCE 1998

MIA — the little, elegant aroma diffuser

Very fine mist for optimal aroma diffusion (up to 10h running time)

LED shines downwards

Suitable for all commercial essential oils without alcohol

Advanced ultrasonic technology

Want a pleasant scent in the air? This is where Mia comes into play, the little, elegant aroma diffuser! Using ultrasonic technology, she optimally distributes scents and essential oils through extra fine mist. With a full water container, she fills the room with a pleasant scent for up to ten hours. Thanks to the extremely low-noise operation and the subtle LED display reflecting on the surface in front of her, Mia is quiet and discreet. An optimum effect can be achieved by using the 100 % natural essential oils from Stadler Form.
