## Coppélia Suspended

---

With a graceful sense of wonder, a beautiful mechanical doll appears to magically come to life in the famous ballet Coppelia. In the performance the ballerina traces, with sinuous movements, a delicate after-image in the air, which inspires the fluid motion in the design of Miyake's Coppelia Suspended Lamp.

**Load type:** Inductive load (L-Type)

**Dimmer type:** Leading edge / Forward phase

*Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.*
