Fan

Stadler Form[®]
SWISS DESIGN SINCE 1998

PETER—the elegant tower fan

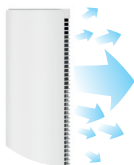

Touch-sensitive control panel with 3 speed levels

Oscillating mode for even distribution of the airflow

Remote control and convenient carrying handle

Natural Breeze mode simulates natural wind conditions

The air inlet filter retains coarse particles from entering the appliance

With his stylish appearance and intelligent features, Peter leatherette makes a striking addition to any room. His cognac-coloured leatherette jacket fits in perfectly with any tasteful style of décor. With his slim design and swing mode, this tower fan takes up very little space and provides plenty of cool air which is also circulated optimally at the same time. The elegant fan has three speed settings so that you can choose the wind strength that suits your needs. And with natural breeze mode, you can give the pleasant cooling effect an extra boost. His range of functions can be controlled by means of a convenient remote control or by gently pressing the touch panel. Extremely practical: the 1-7 hour timer for automatic shut-off. The elegant Peter leatherette creates a pleasant fresh room atmosphere while skilfully combining function and aesthetics.

Leatherette
