Description

Standing just 52cm tall from its tip to its toe, diminutive it may be, but our new Original 1227™ Mini Table Lamp with steel profiled arm packs quite a punch. The highly flexible shade allows the light to be focused just where it's needed and the stylish, pyramid-shaped base ensures perfect stability. Combine impeccable performance and reliability with that familiar, iconic shade shape, add a smart logo plaque for good measure, and what you have is undeniably an Anglepoise® lamp. Just the job for beside the bed or wherever space is an issue.
