## DESCRIPTION

The GUBI Chair Collection is a chair series in laminated moulded 3-D veneer or in the injection moulded HiRek material. The shell is 5 mm thick. Both types of the shells can be delivered upholstered, with front upholstered or fully upholstered in fabric or leather. The base is available in steel, in different finishes as specified below and moulded wood in various finishes. Several of the chair versions are stackable. The GUBI Chair series includes a side chair with and without arms, a bar stool, a lounge chair and a table series in 3 different heights.

## CLEANING AND MAINTENANCE

---

For cleaning the upholstered surface, first try to brush off the dirt gently. If this is not enough then vacuum the surface.

If further cleaning of the padding is needed, a stain remover is recommended. The cleaning has to be gentle and must always be tested on the most invisible area of the surface before the actual cleaning. Avoid blotches by gentle, circular rubbing towards the stain.

To avoid stains, quickly remove the dirt with a piece of absorbing household wipe and clean with water and colourless washing-up liquid.

Do not use the following products for the padding:

- Undiluted cleaning liquids.
- Bleach.
- Ammoniac.
- Soap for hard surfaces.

For dusting and light cleaning of the plastic surface and frame use a soft, dry cloth.

For further cleaning, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again.

If more thorough cleaning is necessary, use a mild detergent or washing-up liquid dissolved in water on a firmly wrung cloth. Afterwards, repeat the process with clean water as described above.

Polish with a soft cloth after wiping.

Do not use materials for maintenance that:

- Contain abrasive agents.
- Are basic, acidiferous or organic.

For the best maintenance of the product, protect it against sunlight and heat, and try to keep it away from moisture, grease and other dirt.

Furthermore, protect the surfaces against sharp objects and other that might scratch.
