

FRAMED MIRROR

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

ANDERSSEN & VOLL ON THE DESIGN "We wanted to create a mirror that was more than merely a reflective surface. FRAMED is a new perspective to the classic framed mirror; it is a decorative design piece that leads your thoughts to installation art. It adds not only the functionality of a mirror to your home, but with its depth, organic shape and tone-in-tone color, it is almost perceived as an art object on the wall. The FRAMED mirror can hang beautifully on your walls alone or combined with other sizes and colours."

PROCESS

A steel plate is worked through three rounds to shape the mirror's frame. The surface is then powder lacquered using a highly durable acrylic lacquer. Lastly, mirror glass is gently installed, to create the little gap between the mirror's frame and mirror glass.
