PRODUCT FACT SHEET

ANDERSSON & VOLL ON THE DESIGN "With OUTLINE, we aimed to create a visually light and elegant sofa with lots of comfort. We wanted to translate some of the elemental and poetic qualities we find inspiring in modernistic architecture. The way some elements juxtapose in the sofa's design are borrowed from the way houses are structured. The different planes overlap and give lightness to the sofa's expression. This is why OUTLINE has a certain calm serenity - it offers great comfort in a generous seat, but has a slender appearance, and a strong architectural presence."

PROCESS

Internally constructed with plywood and steel. Upholstered with foam and feathers before chosen textile or leather is mounted. All cushions are hand sewn and filled with a combination of feather and granulated cold foam.
