

FLOAT CANDLE STICK

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

ANDERSSEN & VOLL ON THE DESIGN "Inspired by the Nordic tradition of cosy candlelight, Float is an elegant candlestick named for its sense of floating across the table. Its aesthetic shape was designed to give space and significance to the candle. Float candlesticks work well in groups, combing several colours to spread warm atmosphere in any room."

PROCESS

High pressure casting in aluminium and powder coated with heat resistant PU lacquer. Small silicone feet are attached underneath the candlestick to protect tabletops or other surfaces from excessive heat, should the candle burn down and heat up the aluminium element.

DESIGNED BY / YEAR OF DESIGN

Anderssen & Voll / 2014

TYPE

Candlestick

DESCRIPTION

An elegant candlestick and an elevated tray. Personalize the design by placing your favourite objects on the tray next to the candle. The candlestick fits a standard candle with a diameter of 2,3 cm.
