

Twice as Twiggy, floor design Marc Sadler 2016

FOSCARINI

The Twiggy lamp needs no introduction: designed by Marc Sadler who was inspired by the flexibility of a fishing rod, it has become an icon of contemporary design. Today, Twiggy has grown and become “oversized” in the Twice as Twiggy version: a significantly sized lamp dedicated to large rooms, which nevertheless retains the lightweight feel and flexibility of the original version. This goal has been achieved thanks to genuine technical artistry: the long arched rod in fact retains a slim diameter, thanks to a steel cable which is concealed within it, while the lampshade,

which is both large and extremely light-weight, is balanced by the appropriately sized base.

Twice as Twiggy, floor technical info

FOSCARINI

Description

Large floor lamp with direct and indirect up light. Diffuser and rod made of fibreglass-based composite material and liquid coated. The lamp body consists of a large painted aluminium cone. The diffuser which tops off the cone, where one of the two LED boards is installed, is in PMMA with a prismatic pattern and curved on the edges. The upper LED board is protected by a branded PMMA disc. The large round coloured base is made of epoxy powder coated metal; while the LED transformer is housed inside the metal and steel ballast beneath the coloured base. The transparent electrical cable is fitted with a dimmer which can be used both to adjust the level of luminous intensity gradually or as the ON/OFF switch.

Materials compound material on lacquered glass fibre base, PMMA, polycarbonate, varnished metal and aluminium (LED)

Colors white, black, greige, crimson, indigo
